

BAFFLE PANELS

Advance Baffle panels are vertically suspended ceiling elements used to enhance both the acoustic performance and aesthetic appeal of interior spaces. Enhance your ceilings with the perfect blend of sound control and aesthetic sophistication. Advance Baffle Panels are designed to transform modern interiors by offering superior acoustic performance while adding a sleek, linear look to any space.

KEY FEATURES:

ACOUSTIC EXCELLENCE Effectively reduces noise and echo, making them ideal for large or open areas like offices, auditoriums, malls, and airports.

CONTEMPORARY DESIGN Clean lines and versatile finishes complement all types of interiors – from corporate to creative spaces.

FLEXIBLE INSTALLATION Suspended vertically from the ceiling, these panels are lightweight, modular, and easy to install or reposition.

CUSTOMIZABLE OPTIONS Available in various sizes, colors and finishes to suit your design vision.

FUNCTIONAL INTEGRATION Easily accommodates lighting, sprinklers and other ceiling systems without compromising the aesthetics.
